

Food Safety Statement (Management Commitment)

The Senior Management of Pueblo Fruits Inc. is thoroughly aware that food safety is our responsibility. As the head of the senior management team and the President, I take this responsibility very seriously. As a Company, we are fully committed to providing our customers with safe, quality food by financially supporting and guiding the development, implementation, and Pueblo Fruits, Inc. maintenance efforts of the company in food safety, quality and the continuous improvement for all branded products produced.

Methods utilized to accomplish our commitment include; providing the necessary staff and personnel training to carry out the implementation and the maintenance of food safety and the food safety management system, providing needed resources to implement and maintain HACCP, the Food Safety Plan, and providing the needed resources to meet all regulatory and customer requirements.

Our company's commitment to SQF, cGMP, FSMA and FSVP was established to provide our customers the best in quality Pueblo Fruits, Inc. branded products. We will regularly measure compliance against these standards and implement performance objectives to assure our clients and customers that we are providing food which is safe to eat while meeting their quality expectations such as;

- Food is always prepared under sanitary conditions.
- Food is produced complies with regulatory and customer's requirements.
- All employees are provided with the information, training and tools necessary to do their job in a hygienic and compliant manner.
- Employees comply with all company food safety policies and procedures.
- Management assume the role of supervision of our employees for compliance and conformance with these Standards.
- Our site is committed to establishing and reviewing our food safety objectives thru annual review of our SQF System and Food Safety Management System.

Our company's commitment to SQF, cGMP, FSMA and FSVP was established to provide our customer the best in quality product.
